Dear Mr. Casey:

In response to your letter of 11 July, Lockheed will be most happy to support the CIA management by providing an update on new and future aerospace science and technology developments.

I propose that we send both Mr. Ben Rich, President - Lockheed Advanced Aeronautics Company, and Dr. Walter La Berge, Vice President and General Manager - Research and Development Division, Lockheed Missiles & Space Company. They will cover the entire aerospace spectrum of vehicles and sensors.

Mr. Rich has contacted Dr. Nall to arrange the meeting date.

Sincerely,

A handwritten signature in cursive script, appearing to read "L. O. Kitchen".
